2019/06/29

Product Description This Portable Signal Jammer with 5 Antenna - a powerful and portable solution for completely blocking nearby cell phones, WiFi, and GPS signals. The highly portable size and different power button allows users to quickly turn the device on or off for instant jamming and unjamming. Incredibly easy to operate and carry around, this portable signal jammer is both the ideal security and anti-security device and quite simply one of the best we have ever tested. Sick of being tracked like a criminal? Turn this portable signal jammer on to block all GPS signals and go where you want without worrying about being tracked by any GPS devices that might have been installed by your wife or boss (or both!).
